

Treatment Court Expansion Act

S.4547 (RAMOS) / A.4869 (FORREST)

We cannot rely on our jails and prisons to address New York's mental health crisis - we need community-based treatment!

NEW YORK IS IN THE MIDST OF A MENTAL HEALTH CRISIS

Every year

**1 OUT OF EVERY 5
NEW YORKERS HAS
SYMPTOMS OF A MENTAL
DISORDER**

Yet thousands go without needed medical care

JAILING PEOPLE WITH MENTAL ILLNESS DOESN'T MAKE OUR COMMUNITIES SAFER OR HEALTHIER

1/2

**HALF THE PEOPLE IN JAILS
AND PRISONS HAVE
MENTAL ILLNESS
DIAGNOSES**

New York's jails and prisons house more people with mental illness than any psychiatric hospital in the country.

People emerge from incarceration even more destabilized and traumatized, and are more likely to be re-arrested or imprisoned in the future - not less.

EVERY COUNTY IN NEW YORK SHOULD HAVE A MENTAL HEALTH COURT

NY created drug courts in every county in 2009. Yet New York has not updated this law to include people with mental health, cognitive and intellectual diagnoses. The law should be updated to reflect best practices - and mental health treatment courts should exist, by law, in every county across the state.

MENTAL HEALTH COURTS CURRENTLY ONLY EXIST IN COUNTIES WITH RESOURCES TO CREATE THEM

NEW YORK IS NOT INVESTING IN WHAT ACTUALLY WORKS TO ADDRESS CRIME, MENTAL ILLNESS AND SUBSTANCE USE

THE AVERAGE COUNTY IN
NY STATE
**SPENDS 2X
THE \$\$\$
ON JAIL VERSUS ON PUBLIC
HEALTH**

NYC SPENDS
**OVER \$500,000
TO INCARCERATE ONE PERSON
PER YEAR**
(over \$1,500 DAILY FOR EACH PERSON)

This could pay for 38 years worth of groceries for a family of four in New York State.
